

ARMAN HOSSAIN

SENIOR PROGRAMMER | SENIOR C# / .NET DEVELOPER | FULL-STACK ENGINEER

Dhaka, Bangladesh • +880 1688 746 470 • arman.akash470@gmail.com
[linkedin.com/in/arman-akash](https://www.linkedin.com/in/arman-akash)

PROFESSIONAL SUMMARY

Senior software professional with 9+ years of experience in designing, developing, deploying, and maintaining enterprise web applications and APIs. Strong expertise in C#/.NET, ASP.NET Core, Entity Framework, SQL databases, and modern front-end technologies including React and AngularJS. Experienced in ERP, inventory, sales and distribution, customer quality management, and other business-critical applications, with a strong focus on clean architecture, SOLID principles, client collaboration, production deployment, and technical problem-solving.

PROFESSIONAL EXPERIENCE

Senior Programmer | Square Informatix Limited

January 2025 – Present

- Design, develop, enhance, and maintain enterprise software solutions supporting business-critical operations.
- Work across application development, API development, database integration, production deployment, and client support.
- Contribute to inventory management, customer quality management, sales and distribution, and related business applications.
- Analyze requirements and translate business needs into maintainable technical solutions.
- Prepare and maintain project documentation including FRS, data dictionaries, ERDs, and user-flow diagrams.
- Apply SOLID design principles and established software engineering practices to improve code quality and maintainability.
- Deploy and support applications in Windows Server environments and troubleshoot production issues.

Technology: C#, ASP.NET Core, ASP.NET MVC, Entity Framework, ADO.NET, AngularJS, Oracle, Microsoft SQL Server

Programmer | Square Informatix Limited

September 2022 – December 2024

- Developed and maintained enterprise applications including inventory management, customer quality management, and sales and distribution systems.
- Implemented application features, database integrations, and business workflows based on functional requirements.
- Supported production deployments on Windows Server and provided ongoing client support.
- Prepared functional and technical project documentation such as FRS, data dictionaries, ERDs, and user-flow diagrams.
- Followed SOLID design principles and collaborative software development practices.

Technology: ASP.NET Core, ASP.NET MVC, Entity Framework, ADO.NET, AngularJS, Oracle, Microsoft SQL Server

Software Engineer (Full-Stack) | Solution Art Limited

August 2020 – August 2022

- Developed a web-based ERP system for a pharmaceutical company.
- Implemented an Integrated Management System and contributed to service-oriented and microservice-based components.
- Developed secure and maintainable APIs using SOLID design principles.
- Deployed applications to production environments across both Linux and Windows servers.
- Worked directly with clients to understand requirements, manage change requests, and clarify business processes.
- Participated in project planning, scheduling, and technical decision-making.

Technology: ASP.NET Web API, Entity Framework Code First, ReactJS, Microsoft SQL Server, MySQL, Azure, IdentityServer4

Software Engineer (Full-Stack) | SElevenIT Limited

October 2017 – July 2020

- Developed and maintained web applications across the full software development lifecycle.
- Analyzed business requirements and helped define project scope and implementation approaches.
- Led a development team and coordinated technical delivery.
- Communicated with clients regarding application changes, maintenance, and support.
- Deployed applications to production and supported ongoing system maintenance.

Technology: ASP.NET Core, Entity Framework Code First, JavaScript, jQuery, Microsoft SQL Server, MySQL, PostgreSQL, Python

Software Developer (Intern) | Islam Garments Ltd.

October 2016 – January 2017

- Developed Web APIs and contributed to cross-platform mobile application development.
- Analyzed ERP data and identified datasets required for application features and reporting.
- Created chart-based reports for the mobile application.
- Participated in software architecture and solution design activities.

Technology: ASP.NET MVC, Entity Framework Code First, LINQ, Angular 2, TypeScript, Microsoft SQL Server

TECHNICAL SKILLS

Languages	C#, JavaScript, Python, PHP, HTML, CSS
Backend & Frameworks	ASP.NET Core, ASP.NET MVC, ASP.NET Web API, Entity Framework, ADO.NET, LINQ
Frontend	ReactJS, AngularJS, Angular 2, TypeScript, JavaScript, jQuery
Databases	Microsoft SQL Server, Oracle, MySQL, PostgreSQL
Architecture & Practices	SOLID Design Principles, RESTful APIs, Microservices, Agile/Scrum
DevOps & Deployment	Git, Azure, Windows Server, Linux Server
Identity	IdentityServer4

ENGINEERING PRACTICES

- SOLID design principles and maintainable object-oriented design
- Agile methodology and Scrum-based development
- Git-based version control and collaborative development
- Application deployment and production support on Azure, Windows, and Linux servers

EDUCATION

Bachelor of Science in Computer Science and Software Engineering | American International University-Bangladesh (AIUB)

2016 | CGPA: 3.76

Higher Secondary School Certificate (Science) | Siddheswari Degree College, Dhaka

2012 | GPA: 5.00

Secondary School Certificate (Science) | Rampura Ekramunnesa High School, Dhaka

2010 | GPA: 4.88

PROFESSIONAL TRAINING

- Advanced Certificate for Management Professionals (ACMP) 4.0 — IBA, Summer 2020
- Mobile Apps Development — LICT, 2016
- Cisco Cyber Security — AIUB, 2016

AWARDS & ACTIVITIES

- Runner-up — International Engineering Innovation Summit, Bangladesh, 2015
- Volunteer — Filmy-Bahas: Tareque Masud Master's Class, 2015

SELECTED PROJECT

Math Zone — An educational application designed to help children practice arithmetic.
